

To Whom It May Concern,

I've known Charles Allen for almost 9 years. Upon my selecting him as my Sr. Financial Professional at that time, Charles and his SafeBridge Group team have done an exceptional job in positively guiding and greatly improving my family's and my overall 'financial health'.

For starters, Charles and his SafeBridge team have proven to optimize the value of my wife's and my Life Insurance policies. And even years later – they helped greatly *leverage up* my overall net worth of coverage, all at a lower premium outlay. As well, Charles delivered the optimal solution to help my young son secure the optimal solution to provide him with the consummate 'financial head start' in life.

Last but not least, with regards to my retirement nest egg - Charles and his SafeBridge team demonstrated the ability to protect my principal investment, consistently kept me out of harm's way, and delivered consistently impressive tax-advantaged profitable returns year after year.

Charles Allen and The SafeBridge Group, P.C. have earned an outstanding reputation, and for very good reason. Charles, as well as his entire team have proven to demonstrate the utmost integrity in every way... in helping positively navigate my family's and my overall financial condition.

In very good conscience, I would recommend Charles Allen and The SafeBridge Group to any individual, family or organization I know seeking superior financial strategies and solutions!

Respectfully,

Anthony Scanga
