To Whom It May Concern,

We've been very happy with our selection of Charles Allen, Jeff Kennedy, Karen Burgess (now SafeBridge Benefits Alliance tm) – and their first-class team's outstanding & ultra-responsive client service.

Upon selecting them to help us with our Employer & Employee Benefits, such to deliver a truly **Optimized** Total Benefits Package and Retirement Plan, our company and employees have most certainly benefited and profited from their innovative solutions.

Frankly, I've been quite surprised at the amount of impressive participation their team was able to generate through their highly efficient and consultative enrollment methodology.

As a result, we and our employees have most surely benefited and profited from acquiring more benefit-rich offerings for less. Obviously, the savings has flowed directly to our employees' pocket books – or to our corporate bottom-line. We know that we can most certainly count on them to continue consistently delivering on our primary objectives which we set forth from the very outset.

Last but not least, they've continued to go to great lengths to always go over and beyond the call of duty to make certain that our expectations are always exceeded!

Best Regards,

Bob Cornick
President
