

Bowden Oil Company, Inc.

September 26, 2017

To Whom it May Concern,

In seeking the very best value in our overall Employer & Employee Benefits package, we selected Charles Allen and his outstanding team (now SafeBridge Benefits Alliancetm) of senior employee benefits specialists. This team is very to work with and has proven time and again to be an asset to our business.

SafeBridge has an exceptional enrollment process which proved to be most effective and delivered maximum participation from employees who selected the benefits they and their loved ones needed - at dramatically lower price point.

Their client service has been consistently excellent on both the employer and employee levels. The availability of a consultant has proven to be an asset to our company as well as our employees. Our employees have been able to contact them directly with questions or for help processing a claim without any problems.

Bowden Oil strongly recommends SafeBridge Benefits Alliance to any employer group seeking to maximize value, employee retention and bottom-line savings!

Best Regards,

Debbie Rogers
Vice-President
