To Whom It May Concern:

I've known Charles Allen slightly more than 8 years. After checking out his extremely impressive credentials, I elected to hire him as the Senior Financial Advisor for my family and myself.

I can attest that Charles and his team (now The SafeBridge Group, P.C.) put into place the optimal and most cost-efficient Life Insurance Policies for my family. Furthermore, they proved to consistently and tax-efficiently grow my wife and my retirement assets to a degree which has certainly exceeded all of our expectations.

In fact, they've been able to help us consistently and tax-efficiently deliver very impressive accumulation of our retirement nest egg, year-end and year-out, right from the outset.

Whether it relates to Long Term Care planning, optimizing value from Life Insurance policies, or the best Retirement-Income vehicles, I would recommend Charles Allen and The SafeBridge Group to anyone seeking only the best financial guidance.
