To Whom It May Concern,

We've been working with Charles Allen and his exceptional team (now SafeBridge Benefits tm) for almost six years with regards to our employee group benefits.

From the outset, they helped us considerably lower our overall health care costs – while helping us realize superior overall health care benefits for all of our valued employees at the same time.

Thereafter, we selected them to handle all of our employee group benefits.

No other agent or broker group has ever demonstrated the level of expertise, knowledge, attention to detail and outstanding customer service that they've consistently delivered for our organization and employees.

All of our employees are exceedingly happy to have SafeBridge Benefits tm handling all details surrounding theirs and their family members' much needed & best-in-breed benefits at the lowest possible price points!

Respectfully,

Diane Hester  
Interim President
