To Whom It May Concern,

For many years, my family & I have been greatly benefiting and profiting from the professional guidance of Charles Allen and his top-notch team (now SafeBridge Benefits tm), as he's successfully helped guide us in the direction of our long-term financial goals.

Charles and his team's sage recommendations, guidance and first-class, ultra-responsive client service has been a real breath of fresh air to my family and me.

He's effectively helped us to dramatically grow our retirement nest-egg very profitably, he's also helped us realize the very best values for our personal Insurance Policies of all types.

And, now – we're meeting with him regarding helping us optimize our employer group insurance benefits!

Respectfully,

H. Craig Winn, P.E.
