Hoover, AL 35242

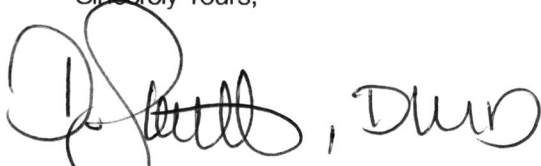

To Whom It May Concern,

For years now, I have been looking for a way to provide my dental staff and myself with a quality group healthcare plan. Charles Allen and his team at SafeBridge Benefits sat down with me and explained what was available and how to find a configuration that worked best for us.

His team was thorough and patient as each member of the staff had their own interview and ultimately arrived at what was best to fit their individual needs.

I greatly appreciate their help and would recommend them highly to anyone who is seeking benefits for their business.

Sincerely Yours,

  
Drayton Smith, DMD
